DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/31/2007 has been entered.

Allowable Subject Matter Withdrawn

2. The indicated allowability of claims 2, 5 and 24-27 is withdrawn in view of the rejection of those claims under 35 USC § 112.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claim 2, and depending claims 3, 5, 19, 23-28 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

5. Regarding claim 2, the limitation "in the third step, the first insulation film is etched with the fourth insulation film as a stopper" is unclear since, according to claim 2, the third step consists only of forming a second insulation film (having etching

characteristics different from those of the first insulation film) over the first insulating film.

Claim Objections

6. Claims 3, 19, 23 and 28 are objected to because of the following informalities: the expression "claim [1]" should be replaced by "claim [[1]]" in order to properly indicate deletion of "1". Appropriate correction is required.

Allowable Subject Matter

7. Claims 2 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
